Sir

I have the honor to submit herewith for approval and publication in the Gazette the final proof of a draft Notification embodying rules to be issued by Government in exercise of the powers vested in them by Sections 8, 9, 13, 21 and 55 of the Excise Act XXII of 1881

No 929 dated 23rd December/91
No 453 dated 22nd February 1892
No 452 dated 22nd February 1892.

2 The Government advertisements quoted in the margin, relating to the tenders for the manufacture of country Spirits and the Sales of arrack vend farms and independent Shops, contain most of the provisions mentioned in the draft. They must be reissued in the present form under the Excise act to sustain conviction for breaches of them The conviction in a case of breach of one of the conditions contained

in

on a similar Government advertisement was quashed by the Chief Court on the ground that the rule had not been made by Government under the provisions of the Excise Act

3. The draft rules provide for procedure, forms of challans, accounts &c for the guidance of the officials concerned distiller, arrack vend farmers, independent Shop Keepers

4. The existing Rahadary Rules have been modified to answer the purposes of the farm depôts, independent Shops, &c under the new system. Separate rules have also been framed for exercising check over the consignments of liquor sent under Bond from the Central Distillery to the Bonded Warehouses and Bonded depôts

5. As ordered by the Dewan, copies of the above mentioned Government Notifications and the existing Rahadary rules with the additions and modifications pasted on appropriate places, are herewith sent

6. The proposed forms of challans cheques &c which are to be printed and issued before the end of the official year are appended to the accompanying draft-rules.

7. The

7. The price fixed for liquors of higher strength than 20° U P is under para 5 of the Notification No 929 dated 23rd December 1889, which Messrs Parry and Co consider to be low I have therefore drafted the rules giving discretion to Government to fix the price in future contracts I shall address Government again on this subject after full enquiry.

BANGALORE, THURSDAY, MARCH 31, 1892.

Notification by the Govt. of His Highness the Maharaja of Mysore.

GENERAL

NOTIFICATION.

The 30th March 1892.

No. 495. Whereas inconvenience is experienced, as the rules framed by the Government of His Highness the Maharaja under the Excise Act, XXII of 1881, are scattered among detached Notifications; and whereas it is expedient to consolidate them and publish them in a connected form, the following rules framed by the Government of His Highness the Maharaja under the provisions of the Excise Act XXII of 1881, are hereby published for general information and guidance in lieu of all existing rules relating to the subjects herein dealt with :—

PRELIMINARY

These Rules are divided into three parts, namely-

PART I.—The manufacture of country spirits and management and supervision of the Distillery, Bonded Warehouses and Bonded Depots

PART II.—The sale and transport of country spirits grant of "Vend farms" and separate shops" and issue of Licenses and passes; and

PART III.—Miscellaneous.

PART I.

THE MANUFACTURE OF COUNTRY SPIRITS AND MANAGEMENT AND SUPERVISION OF THE DISTILLERY, BONDED WAREHOUSES AND BONDED DEPÔTS.

I. The exclusive privilege of the manufacture of country spirits (or arrack) shall be disposed of from time to time in such manner and for such fixed period as the Government may direct and appoint in that behalf.

II. The person to whom this privilege may be granted (called the Manufacturer hereafter) shall exercise the same in strict accordance with the Excise Law and Rules thereunder passed by Government, which may be in force for the time being, and subject specially to the following conditions:—

5. The measure to be used at the Distillery shall be the Standard Imperial gallon ; and $\frac{1}{51}$ part thereof shall be equal to one "arrack dram" of 1,500 minims. These measures shall be passed and sealed by the Excise Department.

6. Cartier hydrometers shall be supplied to the Distillery at the expense of the Manufacturer.

7. All liquor up to 16° Cartier shall be passed into stores as good liquor.

8. All liquor at 15° Cartier and below shall be designated (Chuppe)faints. No "Chuppe" or hot or warm liquor or any liquor which is discolored or tainted with venom or verdigris shall be passed into stores.

9. No liquor below 15·5° Cartier shall be allowed to be mixed either at the still or brought into stores to be mixed with good liquor.

10. Liquor in any way discolored or with a burnt or bad smell shall be re-distilled, and not admitted into the stores.

11. When "weak faints" are redistilled, either four pounds of common salt or a couple of baskets full of charcoal per still, shall be used.

12. In stills which have not been worked for more than three days, water shall be distilled prior to using them for distillation of liquor.

13. All still-heads, pipes and worms used for the distillation or reception of liquor shall be of cast tin ; but if copper heads, pipes and worms are used, they shall be properly and efficiently lined with tin at prescribed intervals.

14. The Manufacturer shall keep true and correct accounts in the prescribed forms of his receipts and disbursements, and of the quantity and strength of the spirits manufactured in and issued from the Distillery, and of all the materials received and expended daily at the Distillery. The cash accounts of the Manufacturer shall be posted up daily, each item of purchase of stock being duly vouched ; and an abstract of the cash accounts in the prescribed form shall be furnished monthly to the Excise Commissioner's Office, duly attested by the Manufacturer or his Agent. He shall produce all such accouuts, whenever required to do so, for inspection by the Excise Commissioner, or any other official appointed for the purpose.

V. The following rules regarding the issue of liquor from the Distillery shall be observed :—

1. Liquor shall ordinarily be issued at a strength 20° under proof (excepting in special cases hereinafter mentioned). Should a shop keeper or vend renter desire to have liquor at a higher strength than the above, the liquor so issued shall not be of a greater strength than 10° under proof. Liquor of strength at 10° under proof shall be issued from the Distillery in two dozen quart bottles, four dozen pints and so on for lower denominations of flasks as for English and Foreign spirits ; the bottles shall be supplied by the shop keeper or vend renter, as the case may be, and the liquor shall be issued in such bottles from the Distillery, with the seals and labels affixed on them by the Senior Officer in charge of the Distillery, and under cover of his passes. In cases in which breakage in transit may be apprehended, the Senior Officer will arrange for the bottling and sealing being done by Range Supervisors to whom adequate supplies of such liquor may be sent in jars from the Distillery for the purpose.

2. Should the shop keeper or vend renter wish to have liquor of higher strength than 10° under proof, he shall obtain therefor the special orders of the Deputy Commissioner of the District for which the liquor is intended. Under these special orders, the liquor indented for will be issued.

3. No spirit below 20° under proof shall be ordinarily issued from the Distillery but should there be a demand for liquor of lower strength than 20° under proof, liquor at 30° under proof may be specially issued from the Distillery, such liquor being kept and accounted for separately both in the Distillery and in Bonded Warehouses and Depôts.

4. When fresh liquor which is less than 10 days old is sent out, it shall be issued at 19° under proof and charged for at 20° under proof. All liquor sent to Bonded Warehouses and Depôts more than 50 miles from the Distillery shall be passed at 19·5° under proof and charged for at 20° under proof.

5. No spirit of 20° under proof shall be removed from the Distillery in less quantity than two gallons.

6. The Senior Officer in charge of the Distillery, upon written application made to him for that purpose, shall grant to respectable private individuals for *bonâ fide* private use, but not for sale, and to hospitals and museums and other public institutions, liquor of any strength manufactured at the Distillery, at proportionate rates of price and duty, in quantities of not less than one ordinary quart bottle, the price being paid to the Manufacturer, and duty to the Senior Officer in charge of the Distillery, who shall remit the same into the Treasury without unnecessary delay.

7. The Manufacturer may, with the permission of the Excise Commissioner, manufacture milk punch or any other sweet liquors under the supervision of the Excise Officers, who will recover from the Manufacturer the duty on the spirit used for this purpose. Such sweet liquors, when duly sealed and labelled by the Senior Officer in charge of the Distillery at the Manufacturer's expense, may be sold direct from the Distillery to respectable persons and vendors. The prices at which such liquors shall be sold will be regulated by the Excise Department.

To

Sir,

I have the honor to acknowledge the receipt of your docket No. 3866/341 dated 3rd instant calling for a report on the justification for, and the circumstances under which the appendices to Arrack Rules were published in the Mysore Gazette and in reply beg to state as follows:—

2 The Entire Notification including Parts I to III with appendices

appendices thereto was originally set up at the instance of the Excise Department, the manager of which brought the originals to the Press from time to time and took an active interest in correcting the proofs. The first[X] part of the Notification published as Extraordinary Gazette on the 31st March 1892 was also brought by the Excise Department Manager to the Press and published accordingly.

3. After the publication of parts II & III of the Arrack Rules in the Gazette, the appendices thereto were brought by the Excise manager in person for publication with the information that Government had approved and sanctioned the

appendices

[X] B
[X] Part I contained, I believe, corrected in the Dewan's own hand, and Parts II & III had similar corrections made in the Chf Secy's writing. But the forms bore no such authoritative impress on the face of them. Mark

appendices and that they were to appear in the Gazette.

4. Under the above circumstances I presumed that it was all in due order, specially as thousands of Each form had been already published and issued on the authority of the Excise Commissioners as Public Documents from the Press Combined with the above the foot note to the Notification no 495 dated 30th March 1892, as published in Gazette dated 12th May at pages 319 to 323 led me to infer that no further special order was necessary to publish the forms in a subsequent Gazette when tendered by the Department concerned and therefore

therefore I admitted the publication of the same in the Gazette of the 19th May.

Sir

I have the honor
to acknowledge the
receipt of your letter
No 57 dated 4th June
1892 submitting
explanation for
the insertion in
the Gazette without
authority, the of
forms forming
Appendices to the
Arrack Rules, and
to convey the following
observations.

2.

2. With reference to your statement that the entire Notification including Parts I to III with Appendices thereto, was originally set up at the instance of the Excise Department, I have to observe that these papers were then draft rules and appendices under consideration of Government. They ought to have been marked as "Draft."

Instead of this and without adequate authority the Press inserted the Chief Secretary's name at foot of the Rules as if they had been approved by Government

3 In regard to your remark that the first part of the Notification published as Extraordinary Gazette on 31st March 1892, was brought by the manager of the Excise department to the Press and published accordingly, It is observed

that these originals were duly attested by the Chief Secretary. That is certainly no reason for accepting unattested Notifica-tions for issue in the Gazette.

4. Parts II and III of the Rules were corrected by Mr. Lowery, Manager of the Dewan's Office, and were properly accepted by the Press

5. With regard to your observation that the manager of the Excise Dept. brought

brought in person the
Appendices to Parts II
and III for publica
tion with the intima
tion that Government
had approved and
sanctioned the Ap-
pendices, and that
they were to appear
in the Gazette, I have
to invite your attenti
to the accompanying
Statement made
my presence
by the Manager &
the Excise Commis
sioners office which
is entirely different
from your State
ment and to request

† to be returned

the favour of your
further remarks
thereon

6 As the forms in
question had not
been attested by
any officer authorised
to attest Government
orders you were not
justified in presuming
that all was in due
order and publishing
them The forms had
never before been
published under
authority, but had
simply been depart
mentally distributed
by the Excise Commis
sioner This
distribution

distribution cannot be construed into Government sanction

7. Your explanation that the footnote to the Notification No. 495 dated 30th March 1892 as published in Gazette dated 12th May at pages 3196 to 3223 led you to infer that no further special order was necessary to publish the forms in a subsequent Gazette when tendered by the Department concerned is no justification at all for the publication of those documents. The footnote was merely an

intimation that the forms would appear in subsequent Gazettes, and that is all. The tender by the Depart - ments concerned of papers for publica tion cannot dispense with the sanctions neces sary to constitute an order a Govern - ment order. The forms moreover are not Com plete The most cursory examination of them in the Gazette Office would have shown that the Appendices N.K. Navds were wanting
